AUNG SAN WINS CONSEMBLY BATTLE

No 'Quit India For Pakistan' Budget

Liaquat Ali Vigorously Defends Taxation Proposals

NEW DELHI, March 27 (AP).—After a four-day debate in which over 45 members participated, the Central Assembly this evening adopted the Finance Member Mr. Liaquat Ali Khan's motion for consideration of the Bill to give effect to the financial proposals of the Central Government for the year beginning on April 1, 1947.

The Finance Member who spoke for over an hour made the following points: There is provision in the Budget for over 111 crores and 70 lakhs to be expended on subsidy for food, grow-more-food campaign, medical relief, Education, Public Health, Irrigation, Power Development, Housing for Labour, etc. All these things are for the amelioration of the poor.

NOT CONCEIVED IN HASTE
The Budget proposals are the proposals of the Government of India. The proposals were not conceived in haste. Certain changes have been agreed to because the Finance Member felt that the condition of labour needs improvement and he felt that if he left a little more money with the industrialists, they would be able to spend it, not to swell their profits, but to improve labour conditions.

Congress members are so much obsessed with the idea of Pakistan that the result they see Pakistan in whatever the Muslim League does. His taxation proposals will not injure industry in any way. Industrialists are not such bad people or unpatriotic that this taxation will kill incentive to further industrial expansion. E.M.G.'s statement of February 29 has made a great change. One thing is certain and that is, whatever may be one's views on a united India or a divided India, the Government of India as it is constituted today, is not going to be there after two or three years.

The Finance Member was loudly cheered at the conclusion of his speech.

The consideration of the Bill, clause by clause, will be taken up tomorrow.

REPLY TO CONGRESS CRITICISM

Mr. Liaquat Ali Khan, said that members of the Congress Party had showered on him all the blame for the deeds of commission and omission of all his colleagues (laughter). One of the members of the Congress Party had disliked his proposals, not because there was anything inherently wrong with them but because he used the word sub-continent in his speech for India and not Bharat Mata. Mr. Saxena had even attributed to him the dishonest motive that his intention in bringing forward these proposals was to ruin the economic life of the country and then go to Pakistan. Mr. Saxena did not realise that today the whole of India was one and if he turned one part of India, he was definitely ruining the other part of India (hear, hear). He had been criticised because a vast number of people and a large number of newspapers had described it as a Socialist Budget. He made no such claim for his budget.

All that he had claimed was that he had framed the proposals not merely from the financial point of view of meeting the deficit but he had certain social objectives in view as well. Some of the members seriously stated that there was no provision in the Budget for the amelioration of the masses. Prof. Ranga, who as a rule studied all the papers that were supplied to him, had not taken the trouble of looking at the expenditure side of the Budget (laughter). The Finance Member read out in detail provision for various schemes totalling Rs. 111.70 crores. Mr. Mohanlal Saxena asked him whether these were the proposals of the Government or the Finance Department. The Budget proposals, said the Finance Member, were and are the proposals of the Government of India (hear, hear). This was really a strange word. If he had behaved like a sun-dried bureaucrat and not accepted any amendment to the Bills he had introduced, then his friends (Continued on page 5)

Let Kher Or Nanda Arbitrate

Abidali's Suggestion To End
B. E. S. T. Strike

BOMBAY, Thursday.
Mr. Abidali Jafferbhoy President of the B.E.S.T. Workers' Union declared at a press conference held at the premises of the Journalists' Association of India this evening that he was prepared to submit the B.E.S.T. dispute to arbitration of the Prime Minister, Mr. B. G. Kher, or the Labour Minister, Mr. Jijabai Nanda or any other person who may be acceptable to both the parties.

All this, he said, could be done quickly, and not more than a couple of hours would be required to settle the point at issue.

ONLY ALTERNATIVE

Mr. Abidali was heckled by reporters who tried to bring home to him the inconvenience and hardships caused to the general public by the B.E.S.T. strike. In reply Mr. Abidali pointed out that the demands of the workers were put before the public for the last several months, but no effort was made by any responsible public body to impress upon the management the desirability of considering the justice of their demands. Strike was therefore the only alternative left to them.

In reply to a question by a representative of this paper Mr. Abidali said that in case the Company started a skeleton service either with or without the support of the public, the strikers will not hesitate to prevent it in a peaceful and non-violent manner.

Regarding the much talked of demand of 50 per cent of goodwill, Mr. Abidali wanted the public to realise the important fact that the shareholders of the Company had been receiving a dividend of 12 per cent for the last several years. The workers on the contrary were paid very meagre salaries. Hence the profits which the Company had derived from the working of the last forty-two years could not be distributed among the shareholders only. Some newspapers had claimed that some part of the profit should go to the public also. He did not repudiate that claim, but what he wanted was that workers' share should also be acknowledged.

ADJUDICATOR'S POWERS

According to the present estimate the Company would be making a profit of more than two crores from their deal with the Municipality. The question of submitting to adjudication could not arise. The powers of the Adjudicator were limited and therefore it was not fair to the workers to compel them to go before the Adjudicator simply to be disappointed in the end. Moreover bitter experience of the disappointment which the workers had to face because of many other reactionary awards of the former Adjudicators did not encourage them to submit their dispute to adjudication. He did not want the (Continued on Page 5)

Three-Fourth Majority Expected For A.F.P.F.L

Sixty-Six Candidates Of
Party Already Returned
Unopposed

RANGOON, March 27. (Reuters).—Sixty-six A. F. P. F. L. candidates have so far been returned unopposed as a result of the withdrawal of rival candidates. With the exception of some 24 Communists (out of 29 contesting the election and probably a similar number of Independents, the A. F. P. F. L. is expected to capture all the 182 general seats in the Constituent Assembly. Out of the 28 special seats in the Assembly, 24 will be filled by Karen supporters of the A. F. P. F. L. and four by Anglo-Burmans.

Thus, if the present indications hold good for a fortnight, U. Aung San's Party will be able to command at least a three-fourths majority in the Burma Constituent Assembly. This is conceded even by the political opponents of the A. F. P. F. L.

British Budget Day On April 15

LONDON, March 27. (Reuters).—The Budget Day this year has been fixed for April 15—the day on which Parliament reassembles after the Easter recess.

This was announced in the House of Commons today by Mr. Arthur Greenwood, Deputy Leader of the House.

BEVIN REPORTS TO BR. CABINET ON TALKS WITH STALIN

LONDON, March 27. (U. P. A.).—Whitehall sources said today the Cabinet had received a report from Bevin on his talks with Stalin. The report was said to have arrived too late for circulation among the Ministers before the Cabinet meeting and that Attlee would read it to them. These sources believed that Bevin had expressed great satisfaction with his interview and expected to meet Stalin again shortly.

Bihar Police Strike Spreads

Constables In Control Of
Jamalpur Magazine

PATNA, March 27. (A.P.I.).—While the police strike situation in Patna is well under control, the situation in Jamalpur (Monghyr District) is reported to have taken a serious turn yesterday. In Monghyr town also the strike was complete.

At Jamalpur, a sergeant of the police lines was assaulted by strikers yesterday. Constables on magazine guard duty mounted pickets on the magazine, preventing the officers from entering the police lines premises. A number of ex-constables were seen with the magazine guards.

The Commissioner of the Bhagalpur Division rushed to the spot and military was called out. Instructions were issued from the police headquarters here to the Superintendent of Police of Jamalpur to take firm action and to immediately disarm the magazine guard constables with the help of the Military.

IN PATNA

In Patna, 89 Constables and two Havildars were arrested yesterday. Havildar Nazamuddin Malik, who snatched away the revolver of a deputy Superintendent of Police during Tuesday evening's incident at the police lines, has surrendered himself.

Only a section of the 2,000 strong constabulary of Patna are involved in the strike, although most of them are not being able to turn up for duty it is alleged on account of intimidation practised by strikers.

THREAT TO U. S. CONSUL

Sequel To Demand For Hoisting
Egyptian Flag On Consulate

ALEXANDRIA, March 27. (U.P.A.).—United States Consul A. H. Doolittle was threatened with murder in a letter to-day complaining that the Egyptian flag was not flown on the Consulate besides the Stars and Stripes. The letter which was signed "Egyptian Committee of National Liberation" was found unstamped in the Consul's letter box. The message said: "We sent you a letter demanding the hoisting of the Egyptian flag but you failed to execute the order. This shows lack of respect for Egyptian feelings. Therefore the Committee has decided to assassinate the Consul despite any security measures and in broad daylight."

The letter also warned the Committee would blow up the consulate Friday as well as the Swedish Consulate for the same reason.

AUSTRIAN TREATY HANGS FIRE

Pending Definition Of German
Assets Excluding Property
Seized By Nazis

MOSCOW, March 27. (U.P.A.).—U.S. Secretary of State Marshall insisted today that the United States could not be a party to the plan under which property seized by the Nazis from Austrians after the Anschluss could now be considered German and subject to seizure by Russia as reparations.

The United States stand came in a session during which Britain's Bevin and France's Bidault supported Marshall against resistance by Russia's Molotov.

Marshall implied that the Russians already have been doing that. Molotov again rejected Marshall's original proposal that the deputies formulate a definition of German assets in Austria. The Big Four finally adjourned after a French compromise on the definition, amended by Molotov, was adopted.

Bevin's proposal as redrafted by Molotov reads: "The deputies shall be instructed to prepare a definition of German assets excluding the property taken by the Germans by direct force or as a measure of Aryanzation without compensation from United Nations or Austrians. Until such a definition is supplied to them there will be no agreement on any part of the assets issue which is holding up all progress on the Austrian treaty."

GERMAN LABOUR CAMPS IN BR. ZONE TO BE DISSOLVED

MOSCOW, March 27. (Reuters).—Mr. Ernest Bevin, the British Foreign Minister, tabled a paper at today's meeting of the 'Big Four' in Moscow, announcing Britain's intention to dissolve German labour camps "Dienstgruppen"—in the British Zone of Germany by Dec. 31 this year.

NO MARKED CHANGE IN CALCUTTA SITUATION

Six Killed And 46 Injured In Twenty-Four Hours

CALCUTTA, March 27. (A.P.I.).—There has been no marked change in the Calcutta situation since yesterday says a Press Note issued by the Government of Bengal at 9 p.m. to-night. It adds there have been 23 incidents in the northern Eastern districts. Central parts of the city, resulting in 46 injuries and 6 deaths since the midnight of 26-27th March. The armed police dealt with 4 cases of rioting including one which occurred at 4 a.m. Eighteen rounds were fired and some persons arrested on the spot. Tear gas was also used. Up-to-date over 200 persons have been arrested, some of them carrying weapons.

Punjab Villages Set On Fire

LAHORE, March 27. (A.P.I.).—During the night in Amritsar the two communities in Katra Doula pelled each other with stones from their houses.

Twenty-seven persons have been arrested this morning in front of whose houses, bricks were found lying according to today's 'Communique' issued by the Punjab Government on situation in the Province. The city is still unsettled the 'Communique' adds, and there are clear signs that the two communities are trying to become economically independent. The police have registered complaints involving property worth Rs. 4.2 crores.

In Kangra district there was a communal disturbance in small Guler village, seven miles from Murar. The village was set on fire but no injuries were caused to persons of either community.

Privy Council Admits Film Stars' Appeal

Beaumont On Right Of High Court To Reconsider Jury's Verdict

LONDON, March 27. (Reuters).—The appeal by the two well-known film stars in South India, Thilagaraja Bhagavathar and N. S. Krishnan, who were sentenced to transportation for life on charges of conspiracy and abetment to murder a journalist named Lakshmi Kantam, was allowed by the Judicial Committee of the Privy Council in London today.

With six other accused, the appellants were tried by jury before the High Court at Madras and their appeals to that High Court in its appellate jurisdiction were dismissed.

Sir John Beaumont, who gave the Board's judgment, said that as the High Court at Madras did not apply its mind to the question whether the verdict of the jury finding the appellants guilty was right or wrong but considered only whether it was reasonable, the Lordship allowed the appeal, and the appeal of the appellants against their conviction on May 3, 1945, by the trial judge to the High Court would be remitted to that court to be disposed of according to law. Lakshmi Kantam was stated to have been tipped off a rickshaw in Madras Street on November 8, 1944 and stabbed.

The appeal to the Privy Council was heard by Lord Thankerton, Lord Uthwart and Lord Du Parco and Sir John Beaumont and the leading counsel were Mr. D. D. Dutt, K.C., for the appellants and Mr. G. O. Slade, K.C., for the respondents, the Crown.

Sir John Beaumont said the appeal raised an important question as to the scope and powers of a court under Section 411-A of the Code of Criminal Procedure, which was introduced into the code by the act of 1945.

ISSUE OF JURY'S VERDICT

In the High Court, the Chief Justice expressed the view that a court had power to set aside the verdict of the jury if on consideration of the facts and of the circumstances of the case it was convinced that the verdict was unreasonable. After considering the evidence against the appellants and the summing up by the trial judge, the Court held that the jury had been properly directed and there was material upon which their decision could reasonably be based. Accordingly, without considering whether or not the Court agreed with the verdict of the jury, the appeal was dismissed.

The High Courts at Madras and Bombay had both reached the conclusion that in an appeal upon facts under Section 411-A, the Court should

only interfere with the verdict if perverse or clearly unreasonable, but they had reached this conclusion on different grounds. Their Lordships thought that both Courts, in their anxiety to prevent the introduction of the right of appeal under the Section from destroying effective operation of trial by jury in the High Courts, had overlooked an important safeguard provided by the Legislature against such risk. An appeal on a matter of fact could only be brought on the certificate of the trial judge or with the leave of the court of appeal. A judge hearing an application for leave to appeal was bound to consider any special features in a particular case, but he could not ignore the effect which the granting of leave to appeal without due discrimination might have upon the whole system of trial by jury in a High Court.

Leave once having been granted, however, continued: Sir John, the matter was at large and the court of appeal must dispose of the appeal upon merits, paying due regard, however, to the principles on which courts of appeal, always acted in such cases.

It was true that the court of appeal did not know what view the jury took of the evidence of any particular witness but it knew the view which the jury took of the evidence as a whole. If, attaching due weight to those matters the Court hearing an appeal on facts under Section 411-A came to the conclusion that the verdict of the jury was wrong, it was bound to allow the appeal and reverse the verdict. It had no right to uphold the verdict merely on the ground that it was not perverse or unreasonable. So to do would be to deprive the appellant of the right of appeal which the statute gave to him.

In their Lordships' opinion, the High Court at Madras, in the judgment under appeal, approached the case from a wrong angle.

AGA KHAN HOCKEY Easy Win For Muslim S. C.

BOMBAY, Thursday.
Muslim Sports Club, Kamptee... 4
Spartan Club, Jhansi... 0

The tie between the Muslim Sports Club from Kamptee and the Spartans Club from Jhansi in the second round of this Aga Khan Hockey Tournament was not much of a match. The winners had things their own way almost throughout the match and the ball could not have been in their half for more than 10 minutes. It was partly due to some excellent work by M. Khan between the bars and partly due to the inability of the Kamptee side to produce a better finishing that score did not improve. Right-in Afzal Khan scored the first two goals, although only one was scored before the first half and left-in Nuttal scored the third and the fourth. But the brains behind the movements of their forwards was certainly that of Roa who led the attack. His distribution was effective and play sound.

ard play sound. For the other side right-in Lakshman Narain showed promise in the brief spells during which his line was in possession of the ball. His steelwork was nimble and occasionally he beat a couple of defenders before parting with the ball, but his colleagues were seldom good enough to utilise this.

In spite of the four goals that he let past Khan was quite reliable in charge of the goal and brought off a number of excellent saves.

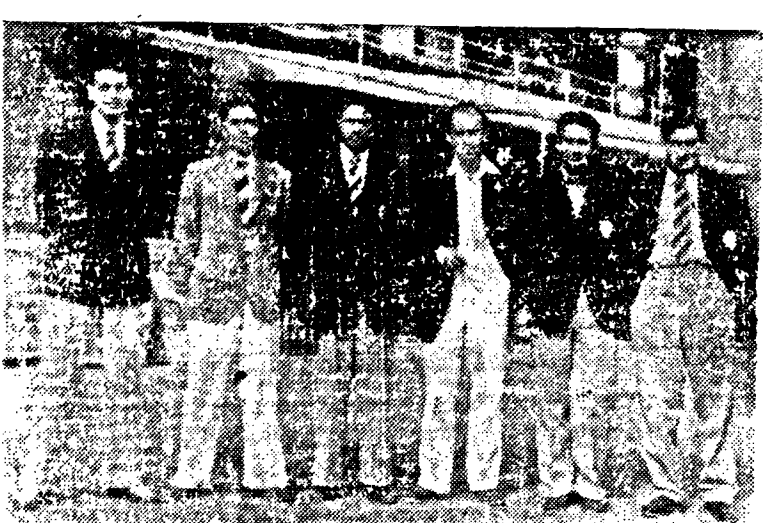

The teams—
Muslim S.C., Kamptee Mohd. Hanif, Cani and Abdul, Akbar, Subhan; Khalib-ur-Rahman and Ragho; Ibrahim, Afzal Khan, Roa, T. Nuttal and Ramsoo.

Spartan Club, Jhansi—M. Khan; Padam Chand and Baboo Lal; Mahabir, Phool Chand and Ram Sarup; Poshan Khan, Lakshman Narain, Ghatal, Khub Chand and Rajendra Narain.

Referees:—Messrs. Ribero and Desai. Friday evening at 5-30 p.m., Kalyanmal Mills vs. Muslim Gymkhana, Nagpur.

"ARRESTED LABOUR LEADER CHAINED TO HIS COT"

Precautionary Measure To Prevent Prisoner From Escaping And Disappearing Underground, Says Madras Home Minister

MADRAS, March 27 (A.P.): In the Madras Assembly today Dr. Subbarayan the Home Minister replying to the question of a Communist Member said that it was a fact that one, Mr. Parameswaran Nayar, Secretary of the South Indian Railway Labour Union, who was arrested during the Railway Strike and kept in the Trichy District Headquarters hospital for treatment of severe head injuries received during the police lathi charge was chained to his cot. He added that Parameswaran Nayar was chained to the cot only after his injuries had healed.

A string of supplementary questions were raised by the members of the House. Mr. Venkateswaraju (Communist) asked why such a barbarous treatment was meted out to the prisoner. The Minister replied that the police had to take precautionary measures to prevent prisoners escaping and disappearing underground.

Q. Is it the policy of the Government to arrest persons on mere suspicion that they will go underground. A: If the party to which the gentleman belongs comes out in open and violence and follow constitutional methods in influencing society to adopt its economic and social ideas, then perhaps the Government will reconsider the position.

Q. Is it more political vindictiveness or the policy of the Government to disrupt the Communist party when the party has announced that it follows non-violence? A: No question of vindictiveness.

Q. Is it the policy of the Government to arrest persons on mere suspicion that they will go underground. A: If the party to which the gentleman belongs comes out in open and violence and follow constitutional methods in influencing society to adopt its economic and social ideas, then perhaps the Government will reconsider the position.

MORRISON FOR FOREIGN OFFICE?

British Cabinet Changes Likely After Easter Recess

LONDON, March 27. (Reuter): Though official quarters in London described as without foundation a London News chronicler reports that the British Foreign Secretary, Mr. Ernest Bevin, was to leave the Foreign office to become Britain's Chief Economic Planner, the paper's Industrial correspondent said today that there was almost universal approval of the rumoured proposal and that though many people tipped the Chancellor of the Exchequer, Dr. Hugh Dalton to succeed Mr. Bevin, more still believed that Mr. Bevin changed jobs, the Lord President of the Council, Mr. Herbert Morrison would become foreign secretary.

"The general view in political circles in London last night is that big Cabinet changes are coming after the Easter recess," the correspondent said.

In Whitehall, he added, the idea of Mr. Bevin becoming the Chief planner was warmly welcomed by most of the Big Civil Service chiefs though naturally they were prohibited by their official positions from making any public comment.

In the event of a change, the appointment of Mr. Morrison, rather than Dr. Dalton to succeed Mr. Bevin would avoid an embarrassing change at the treasury in the middle of parliamentary debates on the budget, the correspondent said. In other words, Mr. Morrison and Mr. Bevin would exchange jobs since Mr. Morrison now presides over the Cabinet Economic Committee.

Dutch planes have been searching over a wide area but operating today have been hampered by bad weather.

"GOAN PEOPLE'S CONFERENCE"

Mr. Massillon Almeida, General Secretary of the Goa Congress Committee, in a statement to the Press: ?

Certain Goan elements who pose as pro-Congress in 'British' Indian matters but who are admirers of Salazar and close associates of the Portuguese Consul in this City are holding on 30th instant what they call a People's Conference to request autonomy and democracy for Goa under the aegis of the decadent Fascist Portugal.

We remind our brethren that now the time has definitely come when we Goans have to manifest in unmistakable terms our patriotic will for self-determination and re-union with Mother India.

"We warn the public against the quinsings of the Indian nation and appeal to all Goans not to associate with the sham shows which only damage the honour, dignity and future progress of the Goan People."

Winged Horse Causes Fountain to Flow

In ancient Greek mythology a flying horse with a stroke of his hoof caused the divine fountain Hippocrene to flow on Mount Halicon, the home of the gods. Since then the flow of the fountain has become a symbol for poetic genius. The beautiful flying horse was called Pegasus from the ancient Greek word Page, meaning fountain.

The marketers of famous "Mobil-oil" and "Mobilgas" have been using the Flying Horse as a symbol for many years.

A THOUGHT FOR THE DAY

"The dawn is breaking, know ye what to do with the day? On morning wings how active springs the mind, that leaves the load of yesterday behind". — Pope.

The Bombay Chronicle

ACCEPT ADJUDICATION

Today is the 11th day of the B.E.S.T. workers' strike which has subjected large numbers of people to extreme inconvenience. Yet, curiously enough, none of the parties concerned, the workers, the employers and the Government, has issued an authoritative statement explaining its position fully. Though we have no doubt each party is anxious to win the sympathy of the public, as the workers took the initiative in the matter, they might well have at once published a self-contained statement explaining to the puzzled public why within 14 months of their last strike, ended satisfactorily by adjudication, they have suddenly started another. It has been stated generally by the workers that they demand a 50 per cent rise in wages and 50 per cent share in the goodwill money which the Company is expected to receive from the sale of the concern to the Bombay Municipal Corporation. The workers might with advantage have made out a case for the demands in a preliminary statement. The absence of any such statement has perhaps prevented the employers from publishing their own. And the Government is perhaps unwilling to take sides publicly at this stage. The result is that the public, who suffer terrible inconvenience, are left puzzled as to why precisely they have to suffer and what they can best do to end the deadlock.

As regards the demand for a 50 per cent rise in wages it is clearly a question of detail as to why the rise should be 50 per cent and not 40 or so. The question could be best decided by an Adjudicator but the workers have begun with a sad blunder by refusing to accept adjudication. The demand for a share in the goodwill amount raises an important question of principle, apart from the percentage claimed. In the first place, one wonders why there should be any goodwill amount at all. The question of goodwill arises ordinarily when a competitive concern builds up, in face of competition, a good business and a clientele of its own. And when the concern is to be sold, naturally a consideration is claimed for the business built up and an assured clientele formed, an asset like other assets of the concern. But the B. E. S. T. Company has been virtually monopolist concern which therefore need not make any special effort to build up goodwill. The people crowded into the trams and buses in spite of delays, discomforts and bad manners on the part of conductors just because they had no other choice in the matter. The Railway companies were not given any goodwill money when they were taken over by Government. We do not see why there should be any different policy in the present case. If, however, the Corporation is irrevocably committed to pay a goodwill amount, the question arises who are to share it. Clearly, all those who in one way or other have contributed to the working of the concern these many years are entitled to a share; the past and present directors, the past and present clerical staff, and the past and present workers—of course, speaking generally. What precisely will be the share of the present workers is to be determined by the Adjudicator.

Government has a heavy responsibility in ending this deadlock and is conscious of it. The Labour Minister, Mr. Gulzarilal Nanda, strove his utmost to prevent the strike and later to have it referred to adjudication. But unfortunately the workers rejected the proposal of adjudication. We believe it is still open to the workers and the management to refer the dispute to arbitration by a person acceptable to both the parties. But if this method is not adopted and if the workers continue to object to adjudication by the Industrial Court, the choice remains only between a trial of strength and enforced adjudication. The former alternative is beset with grave dangers, far more than those of the latter. But the Government does not seem to have made up its choice yet between the two courses. The public certainly appreciate Government's caution and restraint and its desire to resort to legal measures only when absolutely necessary. But the Government cannot afford to maintain an undecided attitude indefinitely when undue delay may be dangerous. Easily the wisest way out of the deadlock is for the workers to agree to adjudication. And it behoves Government and the public alike to bend their efforts on persuading the workers to adopt this course.

Frankly Speaking

Ill-Advised Cut Motion

Wednesday's cut motions by the Muslim League Party in the Bombay Assembly included one regarding the proportion of Muslim representation in the Judicial Services. A few supporters threw the interests of other backward classes in the near measure but the main, very nearly entire weight of the grievance was the position of Muslims. It was a doubly ill-advised cut motion. Government spokesmen had no difficulty in exposing how uncalled for the League was twice the proportion of Muslims in the service was twice their population ratio. There was moreover, no intention of changing the policy represented by this favourable balance. Mr. Shamsuddin, withdrew his motion. He was in doing so and any way he had to do so. For the figures were too eloquent and conclusive.

Sind Premier's Misrepresentation

But his motion was ill-advised in other sense too. He helped to throw a misleading statement made the previous day by Mr. Ghulam Hussain Hidayatullah, the Sind Premier, into a more conspicuously complimentary relief. The Muslim League Government has decided to raise to 72 the percentage of Muslims in Sind Government services on the basis of their proportion in the population. Replying to criticisms in the Sind Assembly, the Premier defended the Muslim demand as legitimate and said the statement that Government of Bombay was adopting the same policy, that is effecting representation of the Hindu majority and basis. The figures given in the Bombay Assembly provide an adequate answer to Mr. Ghulam Hussain's misrepresentation. The Sind Premier, it is quite probable, did not commit himself to this misrepresentation deliberately but he did make the statement categorically. The question is, what, in view of the statistics and assurances given in the Bombay Assembly, is Mr. Ghulam Hussain Hidayatullah going to do in ordinary decency? He has, it is well-known, rather original views as regards courtesy to Opposition M.L.A.s. Do those views apply to his relations with anti-Brexit Provincial Government? Or will he make amends?

S. A. Whites And U. N.

The outrageous racial policy of the Union Government of South Africa and the white population is now essentially a concern of the United Nations. That body will have, in the not long distant future, to do something about it not only for the sake of humanity and sacred principles of human brotherhood, but also for the sake of its own future existence. It can evade neither the issue raised by India's case nor its own responsibilities. In the meantime it is receiving an increasing accumulation of White South Africa's responses to the U. N. Assembly's resolution. The Union Government has of course just ignored it. But the White population has been reacting to it in pointed defiance. It takes many shapes, one of them being an intensification of the campaign of racial violence, economic boycott and so on in pursuance of an open declaration that they would force the Indians of South Africa to leave the Union.

Callous And Base

These activities are atrocious enough. But General Smuts' Government has, in one respect, beaten the unofficial White fanatics. An Indian lady, Mrs. Naicker, whose husband was killed in the fighting in North Africa, has been deprived of her pension which was her sole means of livelihood because she took part in the recent civil resistance movement. Her crime constituted no more than the continuation of that struggle for human equality for which General Smuts sent her husband to the war and in which he laid down his life. It is an example of one of the basest and meanest forms of ingratitude, to which any people or Government can stoop in its moral degradation, to deprive of his pension a hero and a benefactor of her only source of income. But even that is not all. She was, she told a press representative, informed by the authorities either to starve or to go to the Congress for help. The cheapness of the gibe is excelled only by the despicable and callous cynicism displayed by the authorities. This is the Government of the P. I. Martial Jan Smuts, the champion of democracy, the philosopher of humanity and the tear-shedding sympathiser of the victims of Nazi and Fascist tyranny.

B. E. S. T. Strike

Sir—It will interest public to know of the colossal ignorance depicted by some of the B.E.S.T. workers as to the nature of the strike and their behalf by their so-called leaders and the advantage taken by the latter of the same. In the course of a friendly conversation a personal friend of mine had with an Inspector and Conductor of the B.E.S.T. there were many questions asked about their demand for a 50 per cent share in the Goodwill of the Company on the ground money

ADIWASI INQUIRY

M. P. C. C. Committee Submits Report

(From Our Correspondent)
 DAHANU, March 27
 The Warli Enquiry Committee appointed by Maharashtra Provincial Congress Committee to investigate and report on conditions of Warli in Thana District has prepared its detailed report, which will be placed before the meeting of M.P.C.C. to be held at Mulund in Thana District on March 29.

It is reported that Mr. Shankarrao More, prominent member of the Warli Committee, has recommended release of all Warli from the clutches of all Extermination Orders and repeal of "State of Emergency". The Committee contacted several Adiwasi workers of Adiwasi Social Mandal and Kisan Sabha some social workers and officials. The report is anxiously awaited by the landlairs as well as by other interested persons.

A TIRE ON SCENE

Acharya P. K. Aitre and Mr. Anant Kanekar, two prominent Marathi writers and journalists accompanied by two more reporters of "Nawayug", Marathi weekly, arrived at Dahanu by car on Tuesday evening. On their way they visited several villages and met a number of Adiwasis and saw the working of forest coupes and charcoal kilns and proceeded yesterday to the Adiwasi Social Mandal. They will visit a group of select villages in that taluka. Mr. Shamsuddin, President of the Thana District Congress Committee guided the tourists.

Interviewed Acharya Aitre said: "Adiwasi really look more intelligent than other aborigines. I have met many of them. Let me see if I can find it is too premature to jump to hasty conclusions."

FREE EDUCATION UPTO SEVENTH CLASS IN NIZAM'S DOMINIONS

HYDERABAD (Deccan), March 27, (A.P.I.): Nawab Ali Yawar Khan, Nizam's Education Minister, Nizam's Government at a press conference today stated that Government had decided that education upto the seventh class should be free and this would take effect from the beginning of the next academic year, June 1, 1947. He also stated that Government had revised the scales of pay of school teachers and would now range between Rs. 40 and 300 a month.

BOMB EXPLODES IN NUERNBERG CAMP OFFICE

NUERNBERG, March 27, (U.P.A.): Army officials reported today that a bomb exploded last night in the Nuernberg office of Frederick Isner, German Jewish Chief of the Camp for Jewish persons. Investigators said the bomb apparently was tossed through an office window but caused no casualties and only slight damage.

represent the fines and penalties collected by the Company from time to time from the workers in the course of their employment for breach of conduct, etc. I am prepared to disclose the names of these two persons, if necessary. I leave it to public to judge for themselves as to the merits or demerits of the present deplorable strike which has already caused and is still causing so much suffering to them.

II

Sir—It is very deplorable that the employees of the B.E.S.T. Co. have gone on strike though the Company agreed to accept the award of the Industrial Court. The employees have lost sympathy of the public as they have preferred to strike without exploring all the means of reconciliation. The Company and Government knew well in advance that the employees were not on a strike but that if their demands were not met with. It was the duty of the Company and the Government to make alternative arrangements to run the transport services of the employees resorted to the last method. Both the Company and the Government have failed in their duties to the public.

If the weapon of strike is used at the expense of the public, the employees lose the support of the public. It is now the bounden duty of the Government to take the service in their hands to run the service. If they fail to do this (which should have been done as soon as the employees went on strike) Government will have failed in their duties to the public. The employees should be finally told that the Government would tolerate this coercion and if they do not resume work within 24 hours, an alternative arrangement will be made and the staff will not be reinstated afterwards under any circumstances.

Inter-Asian Conference

Sir—The Inter-Asian Relations Conference at Delhi is an event of great importance. It's significance has been recognised by all the important foreign press and its proceedings are watched with great interest all over the world. However it must be admitted that even the people in India are not given an adequate opportunity to follow the proceedings intelligently. For example, the speech of Maulana Azad on the occasion of the opening of the Arts and Industries Exhibition in parts by the Press. It is deplorable that such an opportunity to educate the people is lost.

The A. I. R. gives hours for commentary on cricket matches but only half an hour is given to the important Conference and that too only in English. Every day we hear B. C. News relay from LONDON. May I ask the Sardar whether the Asian Conference proceedings are relayed for the benefit of England? The inaugural speech of Pandit Jawaharlal Nehru was not even fully broadcasted for the Indian listeners. Why this inefficiency and indifference? Gandhiji is expected shortly to address the Inter-Asian Relations Conference at Delhi. May we request Sardar Patel and Pandit Nehru to arrange for relay throughout the world?—Yours, etc.

Bombay Assembly Passes All Demands For Grants

Morarji On Govt.'s Efforts To End Law's Delays: Cut Motions Withdrawn

After twelve days of debate the Bombay Legislative Assembly moved under various heads and even under no specific heads, on Thursday. There was a feeble debate on Law's delays, village roads and some forest problems, before the allotted time was up and the remaining cut motions were gullied. And after that it was a matter of minutes. Each Minister rose in his seat and asked for such grants as he had not already put forward during the last twelve days. Just one or two voices member from the Muslim League benches shouted an impressive 'No'. For the rest it was a chorus of 'Yes' and the budget as presented by the Finance Minister was finally approved except for a few supplementary grants which come up tomorrow.

DETAILS OF DEBATE

Discussion on the two cut motions moved yesterday by Mr. J. H. Shamsuddin to discuss the delay caused in the administration of justice was resumed today when the House re-assembled. Speaking on the motions Mr. A. H. Mirza narrated a number of factors responsible for the delay, including the coming of judges and magistrates to the courts not in time, then sitting late in the evening, writing petty judgments in the courts, adjournment of cases, absence of uninterested witnesses on the day required in the court and putting of irrelevant questions to witnesses by lawyers. Mr. Mirza said that he admitted that to a great extent lawyers were also responsible for this delay but Government must also see that the dispensation of justice was expedited.

Mr. A. S. Gandhi, the proverbial 'day' was denial of justice' said that the Civil Procedure Code was mainly responsible for the delay. It was an extremely cumbersome procedure and should be replaced by some other procedure. Mr. Morarji Desai expressed sympathy for the sentiments voiced by the members said that delay in the disposal of cases, both in the criminal and civil courts, had no doubt become proverbial and during recent years it had assumed scandalous proportions. But the delay, he said, was largely caused by lack of proper convenience for themselves without taking into consideration quick disposal of cases. Ultimately magistrates were also responsible for it. It was the duty of the judges to see that no delay was caused on this account. His experience of 12 years as a magistrate showed that lawyers were unfavourably disposed to the quick disposal of cases.

The High Court had given instructions to civil judges that as far as possible cases should not be adjourned merely for the sake of convenience of lawyers. Government had also issued instructions to District Magistrates and Additional Magistrates to the same effect. Eradication of delay would take sometime. Government would, however, in the course of the next two years or so try to see that there was no delay in the administration of justice. Mr. Desai expressed his dissent with the view that the Civil Procedure Code was mainly responsible for the delay. It could be used in a manner that no room was left for delay. Manipulation to achieve this result rested in the hands of the judges. Referring to the absence of uninterested witnesses in criminal cases, Mr. Desai said that Government were seeing that if witnesses did not come then warrants would be issued making their presence compulsory. Government were also seeing that judges and magistrates attended the courts in time. Other factors responsible for delay were also being attended to.

RESPECT FREEDOM OF MINORITIES

Gandhiji's Warning To Hindus Of Bihar

JAHANABAD, March 27 (UPI): Addressing a prayer meeting here last evening Mahatma Gandhi sounded a note of warning to the people that if they went on quarrelling among themselves and tried to kill each other for wrongs done by people in other parts of the country, then their freedom would be lost and they would remain slaves as before.

This was Gandhiji's first prayer speech in the village of Jahanabad, about 40 miles from Patna where he began yesterday the third stage of his tour in Bihar.

Continuing Gandhiji said that if they really wanted to be free and enjoy the real fruits of freedom, then their foremost duty should be to see that the freedom of others was not snatched away. The people who wanted to snatch away the freedom minorities living among them could never claim to be free.

Exhorting the Hindus of Bihar Gandhiji said that they must go to the houses of Muslims to rebuild them and request them to come over to their old houses. They should assure the Muslims that they would all live in future in peace and the Muslims' life and property would remain safe.

Gandhiji also stated that his mission to Bihar was a mission of "do or die". He was here to serve both the communities and see that the mission succeeded. If he could not, he wished to die in the achievement of his mission.

MUSLIMS MEET GANDHIJI

Some members of the Jahanabad Muslim Relief Committee headed by its President, Mr. Azarul Haque, met Gandhiji last evening and presented to him with one comprehensive report on the disturbances in Jahanabad.

would be able to complete it and take up further work. Mr. Dange drew attention to a sum of Rs. 45 lakhs allotted for import of road-making machinery from abroad and pointed out that a good deal of machinery obtained from surplus stores was being advertised for sale by certain commercial firms.

Dr. Gilder said that by May, 1945, a year before the present Ministry took charge orders for machinery worth Rs. 88 lakhs had been registered with the Government of India. After they assumed office, they had cancelled the orders in all these cases where machinery could be obtained in India and no orders had been placed with firms. But during the next year Rs. 45 lakhs worth of machinery already ordered was arriving and they had to take it.

A number of cut motions on various subjects were waived to enable Mr. A. R. Kuwari to move a cut to the grant of Rs. 1,00,000 under the head "Forests". Mr. Kuwari just succeeded in making two points, better training for staff of Forest Department and better salaries for forest guards, before the time for debate was up. There could, therefore, be no reply.

Viet Nam Delegates Debunk President's Death Reports

"French Out To Set Up Puppet Govt." Message Of Greetings Handed Over To Jawahar

NEW DELHI, March 27, (A. P. I.): Pandit Jawaharlal Nehru, in an interview this morning said that he would have liked to see Japan represented at the Asian Relations Conference, but he would not make any representations to General MacArthur for any such authorities over non-attendance of Japanese delegates invited to be present at the Conference. It was a "general rule" he said, that the Japanese were not allowed to leave their country at present for such purposes, and added, it is not as if any President was made in the case of this particular Conference.

There is wide divergence of opinion among delegates over the question as to whether or not the Japanese should have been present at the Conference, and the value of their participation, a section holding that the absence of Japan—"the most advanced of Asian countries"—detracts from the fully representative character of the Asian Relations Conference.

LATEST ARRIVALS

Latest arrivals at the Conference are M. Tran Van Giau, former President of Viet Nam, and now Commander of Viet Nam War Zone and Doctor Tran Van Luan, Deputy Viet Nam National Assembly. These delegates this morning handed over a message from Doctor Ho Chi Minh, President of Viet Nam Republic.

It was a personal message of greeting and thanks," said Tran Van Giau who debunked reports of Dr. Ho Chi Minh's death. "I spoke to him less than a month ago," he said. "Elements within the French Government are propagating these reports of his death because they are not prepared to reopen negotiations with our President," he added.

The Viet Nam delegates are also carrying a message from Dr. Ho Chi Minh to be delivered to the Conference. It is a secret how the Viet Nam delegates got from Cochinchina to Bangkok where they were held up for several weeks waiting for their accreditation from the seat of Ho Chi Minh's Government last known to be "somewhere, near Hanoi", and their visa clearance. "Tran Van Giau said, that getting papers from his Government involved the crossing of many dangerous waters and disclosed that French lines and disclosed that French lines were killed trying to get through. "There was a great deal of difficulty," Tran Van Giau said.

WITHOUT COMMENT

MOSCOW, March 27 (APA)—The Foreign Ministers' Conference, midway through the third week of its sessions, presented today a gloomy picture.

The representatives of the world's four greatest powers were bogging down all along the line over minor as well as major issues in their efforts to solve the German peace problem and complete treaty for Austria.

The F.E.S.T. workers' chief is reported to have said in an interview that "the next move must come from Government."

An announcement withdrawing the offer of arbitration? Sir L. L. Mitter, Baroda's Dewan and one of its representatives to the Constituent Assembly has declared that Baroda stands for a strong Centre, that it has decided to join the Indian Union and that it is not going to set up an independent State. This is a bold move. The PRINCIPAL ORDER, it is Desai, Baroda, Treason. Sir B. L. Mitter is—we have lost our breath.

According to a press report of an interview given by him at New Delhi, Sir C. P. Ramaswami made it clear that he would gladly surrender his claim for Travancore's independence as soon as a strong Central Government was set up in India. And "I shall be prepared even to join a co-federation of Madras Presidency, Mysore and Cochin if a move is 'set afoot' for taking such a step in case India has to carry on with a very weak Centre for appeasing the Muslim League."

We hope the Press report is not—er—interpreted.

Eighty Muslim League members of the Bengal Legislature are reported to have signed a statement urging the necessity of reshuffling the present Bengal Ministry.

We have never believed that Madras had a monopoly of—er—dynamic politics.

Replying to the last week of March to the Congress invitation sent in the first week, the Muslim League is stated to have advised the Congress that its invitation would be considered at the next meeting of its Working Committee.

About the second or third week of April?

Defending the Sind Government's decision to raise the percentage in services of the majority Muslim community to 73, Mr. Ghulam Hussain Hidayatullah said that it was legitimate and that it was a fair share on a population basis and that "the Congress Ministry in Bombay was pursuing such a policy."

If Sir John Colville were to take up with Sir Francis Muddle the matter of Mr. Ghulam Hussain's claim misrepresentation about the Sind Government's go-away-and-don't-come-back sort of reply?

At the Inter-Asian Conference on Wednesday there was, says the A.P.I., a breezy exchange of views among a number of delegates to include in their report on racial problems a specific recommendation to the Governments concerned.

We must admit our inability to see the point of the joke.

LEAGUE FOR EUROPEAN CO-OPERATION

LONDON, March 27 (UPI): British reports today disclosed the formation of a League for European Co-operation. The League would consist of a Central Council and National Committees in the principal countries of the world. Van Zeeeland former Premier of Belgium reported that he had accepted the presidency of the Central Council, and a Congress to be held in Brussels next June has been organized.

MAJORITY VOTE FOR JAP PARTICIPATION

NEW DELHI, March 27 (A.P.I.): The consensus of opinion of majority of delegates to the inter-Asian conference was that Japan could participate in this conference as it was of a non-political nature. Out of leaders of a number of delegations interviewed, only one was definitely of the opinion that the Japanese should not participate in the conference.

The leader of the Philippine Delegation, Air. Anastacio De Castro said for the time being, it is better that the Japanese should not be here. We cannot so quickly forget the atrocities they committed on our people."

All the other leaders were of the opinion that as Japan was an Asian country, there was no sound reason why Japanese delegates should be excluded. Dr. Burmanmuddin, leader of the Malayan delegation summed up the general attitude. "We should chair this Conference with an open slate. It is an Asian conference and Japan is an Asian country."

Mr. Mustafa Momen, leader of the Egyptian delegation was very emphatic and pointed out that Japanese delegations had been allowed to go to America. He felt that the absence of the Japanese meant later be used as an excuse for saying that the Asian Relations Conference had not been fully representative.

Some other leaders of delegations interviewed were those from the Soviet Republics, China, Afghanistan, Siam and Viet-Nam, who favoured Japanese participation.

Week Of Laughter With Only One Serious Screenplay

Two Flimsy Sophisticated Comedies—Fun In Greenwich Village —Frolicsome Comedy—Interesting Psychological Film

Strand
NEVER SAY GOODBYE (Warner)
Players: Errol Flynn, Eleanor Parker, Patti Brady, Lucille Watson.
Director: James V. Kern.

A measure of foam, a bit of froth and a dash of merriment make up the ingredients of this cinematic cocktail which helps to titivate your senses and, when its effects have blown away, leaves you feeling rather disgusted with the fickleness of a modern couple, divorced for some trivial reason and with a precocious female child being bounced like a ball between her shallow parents.

A six-foot marine, to whom the spoilt daughter has been writing love letters under the dictation of her unstable artist Daddy, misleading the serviceman into believing they have been penned by the young mother, at first complicates matters and eventually helps to bring the parted pair together and the masquerade to a finish.

As the divorced, erratic husband, Errol Flynn, who made a name for himself in swashbuckling roles, is a misfit and behaves rather effeminately, Eleanor Parker over-acts, as usual, in the part of the wife; so does the child actress Patti Brady. The marine is naturally played by Forrest Tucker. Light stuff—for escapists.

Regal
THE PERFECT MARRIAGE
(Paramount)
Players: Loretta Young, David Niven, Eddie Albert, Zasu Pitts.
Director: Lewis Allen.

Here is yet another flimsy tale of domestic discord. The inanities of a couple, married for ten years, are paraded for our amusement with fair success, which, however, is unhappily tinted with considerable irritation at the silly misunderstandings that could easily have been cleared up except by a pair of prosperous witty with nothing better to do than to bicker unceasingly. It is high time that producers stopped glorifying the frivolities of modern marriages.

The picture's liveliest moments are when the married couple have decided to part after their tenth anniversary and get together to form a sophisticated foursome with the future spouse of each. However, the domestic affairs of the yet-married couple's household, open the eyes of the prospective partners in life, who leave husband and wife to continue their hummer-and-tongs existence with their little daughter stopped glorifying the frivolities of modern marriages.

Loretta Young and David Niven play the frivolous couple with ease and

David Niven and Loretta Young in "The Perfect Marriage" (Regal).

De Wolfe gives one of his imitation solos that will rouse much mirth, while Brian Donlevy plays the bootlegger in a becomingly humorous vein. Serious picturegoers would probably find this concoction too giddy for their tastes.

A cure for the blues.

Excelsior

THE LOCKET (R.K.O. Radio)
Players: Brian Aherne, Laraine Day, Gene Raymond, Robert Mitchum.
Director: John Brahm.

The only serious drama of the week, this screen adaptation of Sheridan Gibney's absorbing play makes an interesting psychological photoplay. An incident in childhood warps the character of Nancy who becomes a fickle woman breaking the hearts of men. On the day of her marriage to a wealthy young man, her former husband, a psychiatrist, comes to warn her bridegroom. Through him is unfolded the drama of the woman's life—her unsuccessful first marriage, her affair with the painter whom she drove to suicide, and her latest romance. Slowly the web is spun, until the motivating factor of her neurosis is brought to light, with a locket providing the key to the mystery of her mental make-up.

Laraine Day has a difficult role in

Nancy which she fills adequately. A galaxy of famous players surrounds her in the persons of Brian Aherne and restrained as ever in the part of the psychiatrist, Bob Mitchum as the woody painter who takes his own life, Gene Raymond as the young bridegroom. Also in the cast are veteran Ricardo Cortez and Reginald Denny.

Probing into the human mind can be tedious and dull in their screen presentation. In the present drama the interest is well-maintained and the atmosphere is suspenseful without being overdone.

Fine fare for lovers of intelligent screenplays.

Metro

EASY TO WED (M.G.M.)
Players: Esther Williams, Van Johnson, Keenan Wynn, Lucille Ball.
Director: Edward Buzzell.

A better plot than most comedies contain, enlivens this picture. Some of the sequences, however, are a little too drawn out and thus become tedious rather than amusing as they might have been with less footage. This criticism applies particularly to the fishing scene depicting Van Johnson in the sorry predicament of having to live up to his boast of being an expert wild-duck hunter.

Newshawk Haggerty describes Connie, the daughter of a millionaire, as a husband-snatcher, whereupon she sues the paper for libel. In order to prop up his case, Haggerty persuades his girl friend Gladys to marry Bill Chandler whom he hires to woo Connie so that the latter may then be accused of stealing Bill from his wife. Of course the plan misfires and Chandler finds himself in the position of a bigamist. However, all ends well.

Van Johnson as Chandler, Esther Williams as Connie and Keenan Wynn as Haggerty are gay and frolicsome in their roles; but Lucille Ball, enacting Gladys, steals the picture from them.

For light comedy fans.

Drugs Act To Come Into Force From April 1

The orders withdrawing the Drugs Control Order, 1945, in the Province of Bombay will be enforced from April 1, 1947.

The reasons which prompted the Government of Bombay to take this decision are that the supply position of drugs in general has now greatly eased. In Bombay City almost all the drugs are now available freely at reasonable prices. The difficulties, if any, in obtaining drugs outside Bombay City, are mostly due to transport and hence temporary.

With the enforcement of the Drugs Act 1940 and the Bombay Drug Rules, 1946, from April 1, 1947, the import, manufacture, distribution and sale of the misbranded drugs will be prevented in the Province of Bombay.

All Accused Acquitted In Parsi Trunk Murder Case

ONE ACCUSED TO DIE FOR MURDER IN RUNNING TRAIN

Two Others Get Benefit Of Doubt And Acquitted

LAHORE, March 27 (AP): Judgment has been pronounced by the Sessions Judge, Gujranwala in the train murder case in which Captain Miss Heirons of the British Military Hospital, Delhi, was murdered and her companion Miss Reids was injured in the Bombay Express near Gujranwala Railway Station.

The Sessions Judge, Mian Mond, Aslam, found accused Jagannath guilty of the murder of Captain Miss Heirons and sentenced him to death.

The other two accused—Mehnga Singh of the Indian National Army and Svaroop Singh were given the benefit of doubt and were acquitted.

According to the prosecution, Captain Miss Heirons and Miss Reids were travelling in a First Class 'coupe' of the Bombay Express on their way to Kashmir on the night of May 12, 1946. When the train was running between Kamoke and Gujranwala railway stations, three youngmen entered their 'coupe' and robbed them of a gold wrist watch and cash at the point of danger, the intruders then threw Captain Miss Heirons off the running train as the result of which she died instantaneously. The matter was reported to the police at Gujranwala railway station but in the meantime the intruders had escaped.

Accused Jagannath was arrested at Gujranwala railway station shortly after the commission of the offence while the other two accused were arrested later.

Trial Of Leaguer For Alleged Murder

KARACHI, March 27, (A.P.I.): The trial of Syed Varial Shah, President of the Dadu Muslim League, who is concerned in the murder of Syed Muradali Shah, began before the sub-judge of Sehwan yesterday. Charged with the murder of a young Parsi named Nariman Rustomji Shroff whose headless body was found in a tank at Vincent Road at midnight on 5th May, 1946, and with the offence of robbery, the accused were acquitted by His Lordship on Thursday evening after a protracted trial.

The first accused was an old and close friend of the deceased in whose custody the deceased had kept a young Christian girl with whom the deceased was in love and whom he intended to marry against the wishes of his family. On the circumstantial evidence in the case the prosecution alleged that the three accused had murdered the deceased in the room of the second accused. In spite of investigation the head of the deceased could not be traced but his body was identified by his brothers.

The defence of the accused was that they had been wrongly implicated and had nothing to do with the crime.

His Lordship directed the jury to return a verdict of not guilty against accused 3 on both counts and against all the accused on the charge of robbery. On the charge of murder, the jury unanimously found both accused 1 and 2 not guilty.

His Lordship accordingly acquitted all the accused of the charges levelled against them.

Mr. F. G. Khairaz and the Advocate-General instructed by the Public Prosecutor appeared for the prosecution.

Sir Hormusdyar Dastur defended accused 1.

Mr. T. N. Jungalwala defended accused 2.

Professional Manipulators Harden Bullion Prices

COTTON MOVES WITHIN NARROW RANGE

Suspension Of Business In Share Bazar

BOMBAY, March 27. The Bombay Stock Exchange officially closed yesterday at 2 p. m. with Tata Steel Dfids. quoted at Rs. 2270. Thereafter the Stock Exchange authorities removed all restrictions on trading and the market was left alone to adjust itself to changed conditions.

However some members, who had no regard for the rules of the Exchange, were found selling heavily and Tata Steel Dfids. were done as low as Rs. 2150. This goes to show a decline of about Rs. 200 from the opening level.

The President of the Stock Exchange who is anxious to establish high standard of trading in the local Share Bazar, lost no time to penalise law-breakers.

Before opening of the session to-day he addressed the members and demanded from those law-breakers who had done business yesterday after the official close of the market, to cover up their sales and send the amount of the profit to the Board without delay. He also warned members that anybody evading payments of these illegal profits would be severely punished and suspended trading for the day.

In some quarters, particularly those who abide by the rules and regulations, the action of the President is believed to be a mild one some members favoured even suspension of these members for some time who disregard rules for their personal gains.

Any way the action of the Pres-

dent saved the market from a panic and it remains to be seen whether normal trading will be allowed to-morrow. Perhaps the Board may fix a price for some of the highly speculative scrips. The Board is meeting this afternoon.

GOLD & SILVER

The Bullion Market ruled steady to-day under support of professional manipulators who virtually established their control over the market.

Valshak delivery Silver opened at Rs. 154/4 and improved at Rs. 155/8 under speculative buying. Ready Silver was quoted at Rs. 151/8. Valshak delivery Gold opened at Rs. 100/4 and advanced at Rs. 101 while Spot Gold was placed at Rs. 109.

The market finally closed as under:

NEW YORK COTTON ACTIVE

And Firm

PRICES ADVANCE 19 TO 27 POINTS

NEW YORK, March 26 (U.P.A.). Active trading and firm prices featured today's session of the New York Cotton Exchange. After a hesitant start prices trended upwards in the early afternoon, responding to the firmness in grain and the tightening seasonal position.

The administration move to talk down prices was backgrounded by the monetary implications were seen in the proposed tax cut, meaning an additional 5,000,000,000 dollars will be circulating.

The price rise was expressed by the hope that business will exert every effort to hold down the price line to prevent a further price rise and prevent still higher wage demands.

Today's session opened seven lower to three higher. Prices rose steadily and trended upward until the close when gains of 19 to 27 were established. Spot May neared the 36-cent level the highest since mid-October.

The main trading features included price fixing on an estimated 10,000 bales for Canadian mills plus covering by domestic mills while individual small bales were in the aggregate. Resiliency in prices and the failure of the arrival of the expected major technical setback were unnerving New Orleans. Western India shorts who were utilizing the reactions to cover. With the outstanding interest in May estimated at 700,000 bales, some quarters are predicting a tighter situation than in March which almost reached the 36 cent level before expiration.

The pulse aspects of the statistical picture were again brought into the foreground as private reports stress that there will be slow steady early new crop work. With cotton stocks the lowest in 18 years, any serious setback in the new crop is expected to spur trade and cover against a sustained high rate of textile operations.

EXPORT POSITION
In the export market, Poland was understood to be a recent buyer of 40,000 bales while other trade sources insist that China this year will consume nearly 2,000,000 bales despite the acknowledged shortage of the dollar exchange.

Meanwhile, China was reported to be seeking credits to purchase Egyptian cotton but the status of the negotiations is doubtful owing to the unstable conditions in China. The Egyptian Ministry of Finance and the Cotton Exporters Association were reported to be considering methods for the reopening of business with Japan.

TRADING IN LIVERPOOL
It was reported here that some British quarters foresee the possibility of a resumption of trading in Liverpool futures for delivery outside the British Isles. The suggested plan is to establish trading facilities in Elze, Portugal, the Azores or the interna-

WALL STREET MARKET FIRM

NEW YORK, March 26.

The carryover of yesterday's heaviness subsequently attracted somewhat improved support and the market rallied to show gains of fractions to one point or so in moderately active dealings. Buyer preference ran mainly to leading minings, motors, utilities, oils, steels, chemicals electric manufacturing, aviation and West stocks. Traders' interest was centered on Truman's press conference disclosure that the economic advisory council is working on a special report on the wage price problem. The averages were 175.57 and 48.33. The reawakened buying interest, which earlier saw a few sizeable blocks of some recently oversold industrial changing hands, tended to pause during the afternoon but maximum advances were easily maintained. Truman's hopes of no further price level rise that might prompt still higher wage demands and Secretary Snyder's indication that some basic industries are considering price cuts evoked academic interest but the market was virtually unaffected.

Moderately active trading during the final stages under the leadership of industrial and specialists pushed the market along a fairly broad front to show gains of fractions to two points or better with Chrysler corn products up 3-1/8 and 97-3/8. The market closed firm.

HIGH COUNT IN DEMAND

In the local textile market it was reported that a fairly large volume of high count, print cloths and light weight sheetings was negotiated for shipment to India at prices 20 per cent above the domestic levels. The Middle East and the Far East were the other reported destinations. Otherwise, form demand in textiles here was developing disappointingly since the U. S. removal of export licensing regulations. Traders ascribed the backwardness in foreign sales to the belief that Japanese goods will soon reappear in the world markets.

LOUIS B. MAYER SUED FOR DIVORCE

LOS ANGELES, March 27. (AP):

Louis B. Mayer, multi-millionaire head of Metro-Goldwyn Mayer, is being sued for divorce by Mrs. Mayer to whom he has been married 43 years.

Mrs. Mayer alleged desertion beginning May 21, 1944. A spokesman for Mayer indicated that the action would be uncontested.

More French Troops Reach Indo-China

SAIGON, March 27. (Reuter): The French liner "Le De France" has arrived at Cape St. Jacques, near Saigon, carrying 4,600 reinforcements from Toulon for the French forces now fighting the Viet Namese in Indo-China.

MINOR VICTORY CLAIMED

HANOI, March 27. (Reuter): A strong concentration of Viet Namese nationalist forces was dispersed and a quantity of arms captured by French troops in the region of Luc Nam, about 80 kilometers northeast of Hanoi in northern Indo-China, according to a French High Command communique.

The communique also reported the explosion of a mine under a railway carriage near the Port City of Hapong without damage to personnel and two minor skirmishes on the region of Mon Cay near the Chinese Frontier and the other at Ninh Binh, 65 kilometers south-east of Hanoi.

FRENCH ARMORED DIVISIONS MEET

Three French armored divisions met 30 miles east of Hanoi, the capital of the Viet Nam Republic in w.e.-scale operations against Viet Namese forces. The divisions were reported to have been fighting the French in North Indo-China. French sources reported today.

The people of five villages in this area asked for protection by French troops, the report added.

The Viet Namese are resolved to fight on to the bitter end against the French policy of reconquest by force in Indo-China. Hoang Minh Giam, the newly appointed Foreign Minister of Viet Nam Republic stated yesterday, according to the Vietnam Radio.

NEW YORK SILVER DOWN TWO CENTS

NEW YORK, March 26 (U.P.A.). The price of silver was today quoted on the New York market at 75-1/4 cents per ounce, marking a decline of two cents from the previous day's level of 77-1/4 cents per ounce.

Silver dealers today noted that the demand continued strong but heavy offerings depressed the market. It is believed that all of the day's offerings at 75-1/2 cents were taken up.

The turnover was estimated at between 300,000 and 400,000 ounces, all of which is believed to be destined to domestic use.

Punjab Relief Fund

The General Secretaries of the Bombay Provincial Congress Committee

have issued the following press appeal:

The citizens of Bombay must have doubtless read in the press the appeal for relief for the Punjab not victims issued by Sardar Vallabhbhai Patel in his capacity as the Treasurer of the Indian National Congress. The B.P.C.C. at its meeting held on the 18th instant has endorsed this appeal and has earnestly requested the citizens of Bombay, who have always been the foremost responding to such calls, to contribute liberally and promptly to the Punjab Relief Fund. Since then we have also received urgent appeals from the Punjab Provincial Congress Committee for funds, clothing and medicines.

We are conscious of the repeated calls for contributions which have been making, but looking to the serious situation which has developed in the Punjab and the urgency for relief, it is imperative that all should rush to the aid of these helpless people. We are confident, therefore, that the citizens will promptly do their best by generously contributing to this urgent humanitarian cause, as help delayed is help withheld.

All donations may be sent to the Congress House, Bombay 4, and these will be duly acknowledged.

CITY FATHERS ACCEPT "WELL-WISHERS" DONATION

Offer For Research In Nair Hospital Surgical Theatre

After a heated discussion of about 45 minutes, the Municipal Corporation on Thursday agreed to accept an offer of donation of Rs. 20,000 for carrying out research in the surgical theatre of Bai Yashwanthi Nair Hospital. The donor wished to remain anonymous as a "well wisher". Mr. Dabhyasani V. Patel moved the resolution to accept the donation.

Mr. M. N. Talpade wished to know the name of the donor as he thought that some contractor to get contract from the Municipality should not be encouraged. He hoped in this case it was not so.

Dr. G. R. A. Shaikh also spoke and wanted to know the name of the donor.

The Municipal Commissioner did not wish to disclose the name of the donor without permission, but he assured the House that it had nothing to do with the Municipal Council.

The resolution was then passed to accept the donation.
